

SIDRA CARPETS

## ABOUT US

Diverse and unique collection of products and textures including 700 combs, 1000 combs, 1200 combs and for the first time in the world 1250 combs with a density of 4100, in collaboration with the biggest designers of handmade carpets, has met all the needs and tastes of each person in specialized centers for selling Khatibi carpets. Using the latest technology in the world, high quality standards, innovation and exclusive color palettes, in addition to domestic sales through a strong distribution network, we have a large share in the export of products to more than 20 countries. We can boldly claim that we have provided the dream of having handmade carpets for all our dear customers.
